<u>Certificate</u>

This is to certify that Ms. Anindita Paul, a student of Department of Microbiology, Vijaygarh Jyotish Ray College, Kolkata, had been in my laboratory at CSIR-Indian Institute of Chemical Biology (CSIR-IICB), Kolkata, as summer trainee from **September 16, 2021 to November 27, 2021**.

During the training period Anindita actively participated in a project titled "*Exploring the role* of *RNA-binding protein HuR (Human antigen R) in regulating T-cell function in Tumor*" and learnt experimental techniques used in the laboratory viz, single cell preparation from tumor tissue, primary T cell culture, flow cytometry staining, and basic principles of flow cytometry. During the course of her brief stint in the laboratory, she has proven herself as a very attentive, motivated, efficient and intelligent student of biomedical sciences. I wish her all the success in her future endeavor.

Sincerely,

Dr. Shilpak Chatterjee
